

## SystemSafe KS1 Central Heating Protector

The new Kamco SystemSafe KS1 Central Heating Protector is a high performing NSF compliant Corrosion and Scale prevention fluid that is designed to protect metal surfaces from corrosion and limescale build up.

By reducing corrosion and sludge build-up, SystemSafe KS1 Central Heating Protector minimises the likelihood of expensive repairs due to system failure.

A more efficient central heating system results in less energy consumption, which in time can reduce heating bills over time and extend system life.

## Product Features

- **Corrosion protection** which protects against internal metal degradation.
- **Prevents scale build-up** which can have an adverse effect on heat transfer efficiency and increases energy consumption.
- **Reduces sludge formation** which can block pipes, radiators and other system components.
- **System efficiency** that improves the heat transfer factor, allowing the system to operate with reduced energy consumption and enhanced overall performance.
- **Compatibility** with all mixed metal systems, new & old.

### Competitor Comparisons

- Adey MC1
- BoilerMag BM1
- Fernox F1
- Scalemaster SM1
- Sentinel X100

## Product Specification

**Sizes Available :** 500ml, 2.5L & 10L

**Dosage :** 500ml per 100-litre system

**Form :** Liquid

**Odour :** Mild Aromatic

**Colour :** Light yellow

**pH Conc :** 8.2 (7.5-8.5)

**SG :** 1.09 (1.05-1.1)

**Protector Base :** Molybdate

**Product Code :** 500ml - BDM006

2.5L - BDM010

10L - BDM008

**EAN Number :** 500ml - 5060 13459 1787

2.5L - 5060 13459 1954

10L - 5060 13459 1800

**BUILT IN  
BRITAIN** 

+44 1727 875020
