

## SystemSafe KS8 Central Heating Hyperflush

Kamco SystemSafe KS8 Hyperflush Powerflushing Cleaner is a highly effective cleaning product designed for use in powerflushing central heating systems.

It is specifically formulated to break down and remove a wide range of contaminants such as sludge, limescale, rust, and corrosion deposits, which can impair the performance of the heating system.

By using KS8 Hyperflush, you can restore your heating system's efficiency and ensure better heat transfer and reduced energy consumption. Best results come from using a specialist Powerflushing machine.

## Product Features

- **Effective removal** of Sludge & Contaminants by using a formulation to break down.
- **Powerflushing specific** to be used in conjunction with a powerflushing machine that provides a system deep clean.
- **Restores System Efficiency** by clearing out the built-up debris, can be used as a pre-treatment for up to 7 days prior to a flushing process.
- **Prevents further damage** caused by sludge and corrosion, which can lead to premature system failure.
- **Safe for All Heating Systems** both new and old and varying types.

### Competitor Comparisons

- Adey MC5
- Fernox F8
- Scalemaster SM8
- Sentinel X800

## Product Specification

**Sizes Available :** 500ml, 2.5L & 10L

**Dosage :**

**Form :** Liquid

**Odour :** Odourless

**pH Conc :** 6.5-8.5

**SG :** 1.29-1.39

**Product Code :** 500ml - BHF003

2.5L - BHF007

10L - BHF005

**EAN Number :** 500ml - 5060 13459 1817

2.5L - 5060 13459 1947

10L - 5060 13459 1831

**BUILT IN  
BRITAIN** 

+44 1727 875020
